

cofe::TensorRank2<
Dim, T >

```
graph BT; A[cofe::TensorRank2Sym<Dim, T>] --> B[cofe::TensorRank2<Dim, T>];
```

The diagram illustrates an inheritance relationship between two C++ template classes. At the bottom is a white box containing the text 'cofe::TensorRank2Sym' followed by '< Dim, T >' on the next line. A blue arrow points vertically upwards from the top center of this box to the bottom center of a gray box above it. The gray box contains the text 'cofe::TensorRank2<' followed by 'Dim, T >' on the next line. This indicates that 'cofe::TensorRank2Sym' inherits from 'cofe::TensorRank2'.

cofe::TensorRank2Sym
< Dim, T >
